MISSION STATEMENT

It is our goal to provide the theoretical education, practical training, attitude, modeling and counseling necessary to inspire and enable each student to satisfactorily complete their course of training, pass the required State examination and secure entry-level employment in a cosmetology related field. We also strive to provide, by example, the leadership and encouragement to motivate students to establish higher goals of achievement and, therefore, to advance beyond the basic requirements.

GENERAL INFORMATION

The purpose of this catalog is to help the prospective student make an informed choice regarding the training opportunities afforded by our Schools, and to make clear the responsibilities and obligations of both the School and the student.

All information contained herein pertains to all Schools and programs unless otherwise specifically indicated. Exceptions are clearly noted and are marked with an asterisk (*).

The Schools listed on the cover page are all owned and operated by the Ohio State School of Cosmetology Corporation, Columbus, Ohio, DBA "Ohio State School of Cosmetology", "The Spa School" and "Salon Schools Group".

HISTORY

The original school that was to become Ohio State School of Cosmetology began in 1935. Since that time, it has operated as a licensed cosmetology school without interruption. We take pride that our management has remained the same since April 1, 1968. Serving the central Ohio area, the school has always endeavored to maintain a tradition of quality and integrity in training for the professions of Cosmetology, Barber Styling, Esthetics, Manicuring and Spa services.

PHILOSOPHY

To provide training that is complete, relevant and inspiring for careers that make people look and feel better is as noble an endeavor as is the work for which the training is intended.

OPPORTUNITY

If you want to earn a good income, do something creative, have pride in your work, meet people and enjoy what you do, Cosmetology, Hair Design, Esthetics and Manicuring are each avenues of opportunity to a wide variety of fascinating positions - being a stylist in a salon is just one of many. Positions are available as traveling stylists, teachers, color specialists, makeup consultants, nail artists, skin care technicians, spa experts, precision hair-cutters, etc. - IF you have been trained in a school that offers the relevant education and experience necessary for you to compete.

We extend a cordial invitation to you to visit our schools and see our programs in action! You will note busy clinics where students get much practical experience. While book work and lectures are important, our experience has proven there is no substitute for actually performing the services on live models (clients), under close instructor supervision. This blend of training produces a graduate not only knowledgeable but also well-skilled to compete and succeed.

ADMISSION REQUIREMENTS

The admissions criteria used to determine applicant acceptance into our school applies to all programs and courses offered by our schools. A personal interview is required of all applicants in order to determine interest, aptitude, financial need and the ability to benefit from our training. An applicant must demonstrate desire and interest, document financial stability, and provide assurance of the ability and intent to complete the course of study from class start to graduation, without interruption, to be accepted.

Further admissions requirements are:

1. An applicant must provide either:
 - (1) proof of valid high school education (high school diploma or high school transcript) showing high school completion; or
 - (2) a General Educational Development Certificate of High School Equivalence (GED); or
 - (3) an applicant who was home educated must provide us with the necessary documentation to support the validity of the diploma they receive from their parent/guardian in one of the following forms. (1) Certification signed by the superintendent of the school district in which the student was entitled to attend, which states the student and the parent have complied with state law regarding home instruction or (2) An official letter of excuse issued by the district superintendent for the student's final year of home instruction. An applicant who has graduated from a non-chartered nonpublic school in Ohio and who has successfully fulfilled that school's high school curriculum may be granted a high school diploma by the governing authority of that school. Any applicant who was home educated in a state outside of Ohio must provide us with the supporting documentation required by the state in which they were educated to determine the validity of said education. Contact the administrative office regarding official guidelines. Additionally, if in the opinion of the Admissions Representative a prospective student does not exhibit the skills, aptitude or language comprehension necessary to complete the course, the school may at its sole discretion require the prospective student to successfully complete a high-school level aptitude test in order to demonstrate the ability to benefit from the training.
2. An applicant who submits a foreign high school diploma must also provide us with notarized documentation from an approved outside agency that is qualified to translate documentations into English to confirm the academic equivalency to a U.S. high school diploma. A list of approved translation companies is available upon request.
3. An applicant must meet the State approved minimum age of licensee applicants. Approved forms of age documentation are birth certificate, driver's license, government-issued identification or passport.
4. An applicant must have a viable reason to pursue the course, demonstrate a reasonable knowledge of the nature of the work involved, have a reasonable plan for completing the course and the intent of pursuing employment within the profession.
5. An applicant must have the means to pay tuition, fees and related expenses and must show financial stability and resources to reasonably ensure that lack of finances will not prevent graduation.
6. An applicant must demonstrate housing and transportation stability including reasonable housing for the duration of the course, and dependable transportation to and from school.
7. Generally, the School will not enroll any person convicted of a felony, or of the illegal possession or sale of drugs.
8. The School will usually not enroll an individual with a history of attending more than 2 prior post-secondary schools, or of not completing more than 1 prior post-secondary program.
9. In mitigation of section 5 or 6, personal or professional references may be required of an applicant.
10. Transfer students may be accepted at the sole discretion of the school, and contingent upon certain written stipulations, on a case by case basis. Any student accepted for transfer will receive credit for no more than half of the hours of the program for which they are enrolling. The Advanced Cosmetology program will be up to 900 hours, the Cosmetology program up to 750 hours, the Hair Designer program up to 600 hours, the Advanced Esthetics program up to 375 hours. STUDENT CONDUCT

We are committed to providing a calm, organized training environment for our students. To that end, all students are expected to conduct themselves in a professional and non-disruptive manner.

defaulting in the monthly tuition payment may also be reason for termination.

Any student who fails to return from a leave of absence will be immediately dismissed from school. Any student who ceases attending without taking a leave of absence or takes an unapproved leave of absence will be considered withdrawn after 30 days of non-attendance.

RULES & REGULATIONS

Student conduct requiring discipline occurs infrequently at our school. When it does occur, it is important to the welfare of the school and our students that appropriate action takes place. An abbreviated list of rules is located below; additional rules not located in the body of this catalog are located in the appendix and in the "Student Handbook." The contents of the "Student Handbook" are explained to each student during the first day orientation. Any prospective student may obtain a copy of the student handbook by written request to Mrs. Sabrina Walden, Vice-President of Administration; 6055 Gender Road, Canal Winchester, Ohio 43110.

Any student who is charged with violating a rule will be notified, in writing; during an initial conference. This notice will include the alleged charge(s), charging party and time/date of the scheduled disciplinary hearing (if applicable). The student will be given an opportunity to respond at the initial conference. If the charges are not disputed, the student does not disagree and further time is not required by the school, the matter may be resolved at the initial conference.

Charges which cannot be resolved at the initial conference will result in a temporary interruption in training pending the outcome of a disciplinary hearing. Hearings are customarily scheduled to occur within 10 business days of the initial conference, unless the student requests to waive their right to a hearing. Any student who waives their right to a hearing will be notified in writing within ten days of the initial conference, regarding the disciplinary committee decision.

Participants of the disciplinary hearing include; the student, charging party and two (2) staff members to hear the charge(s) and facts concerning the charge(s). The staff members shall not include the charging party. The procedure of the hearing include reading the charge(s), presentation of facts by both student and charging party, questioning of student and charging party and an opportunity for the student to make a closing statement.

A decision will be rendered, in writing, within 10 business days of the disciplinary hearing. Both the hearing and the decision shall be held private and confidential by both the school and the student. Action taken as a result of the disciplinary hearing may include (but is not limited to) one or more of the following: No penalty, warning, demotion, probation, temporary suspension and/or permanent dismissal. In addition, the disciplinary hearing committee may include the imposition of specific obligations upon the student based upon the nature of the violations the student has been found to have committed.

If a student feels he/she has evidence substantiating that the decision was rendered in error or unjustly, he/she may request an appeal hearing within thirty (30) days of the hearing date to the Administrative Office. Such requests must set forth the specific reasons why an appeal should be considered and evidence in support thereof. All requests for appeal will be considered by the President of the school and will be answered, in writing, within thirty (30) days of postdate. If an appeal hearing is granted, the letter will contain the date, time and place of the appeal hearing. The procedure for the appeal hearing is identical to that set forth for the disciplinary hearing. However, any staff member who served on the disciplinary committee may not serve on the appeal hearing committee. Decisions by the appeal hearing committee will be rendered within 10 business days and are final.

Rules which may result in a hearing

1. Disrespect / Discourtesy to instructors or staff members;
2. Refusing a service/client;
3. Smoking on school premises;
4. Action that reflects unfavorably on the School;
5. Pattern of failure to follow the dress code policy; the third offense may result in a hearing;

Rules which will result in a hearing

1. Use of profanity, vulgarity, strong language on school premises;
2. Loud or disruptive talk;
3. Shoving, striking, fighting (including intimidation) against any student, staff member or member of the public;
4. Possession of drugs/alcohol on school premises;
5. Cheating, stealing or lying;
6. Altering or changing any document (service ticket, homework assignment, test, etc)

ATTENDANCE

Good attendance is vital to success in our professions. Therefore, attendance is monitored closely and students are advised when attendance falls below normal. Due to the importance of a strong foundation, Junior Training attendance is monitored closely and an attendance conference will be held after the student has been absent from junior class for more than 5% of the scheduled time. The student may be required to restart the program should the attendance exceed 10% of the scheduled Junior Training hours or consecutive days are missed. Attendance conferences are scheduled for senior students exhibiting a cause for concern regarding attendance. All absences are totaled on an hourly basis. Complete attendance requirements may be found on pages 38 and 39 of this catalog.

Students will be deemed tardy if they do not appear on time for class or clinic. Excessive tardiness may be considered sufficient reason to schedule an absence conference. Generally, a student who arrives more than 30 minutes late to clinic or 15 minutes late to class will not be signed in. Exceptions are made only at the discretion of the instructor in charge.

LEAVE OF ABSENCE

Students are expected to attend on a continuous basis, and leaves are permitted only in cases of unusual and necessary circumstances (including but not limited to: maternity leave, transportation issues, health reasons, and/or personal financial problems).

The Contract Completion Date for any student taking an official Leave of Absence will be extended by the number of days of the Leave of Absence. An addendum to the students' Enrollment Agreement will be completed and signed by all parties to denote the new completion date.

Leave of Absence Guidelines:

- A.** A student must submit a written request including the reason for the request and a student signature and obtain written permission for a leave of absence prior to taking a Leave of Absence. There must be a reasonable expectation that the student will return from the leave before it will be approved. A student may request a waiver to item A for unforeseen circumstances (car wreck, hospital, etc). The institution may grant a Leave of Absence to a student who did not provide the request prior to the Leave of Absence due to unforeseen circumstances if, the institution documents its reason for its decision, the request is collected at a later date and the start date is established as the first date the student was unable to attend.
- B.** Normally, a leave of absence is restricted to between 30 and 60 calendar days. A student may request a waiver of this limitation for "good cause" by submitting a written request. Federal regulations dictate a maximum time for a leave of absence, therefore, a student will not be granted a Leave of Absence if the Leave of Absence, together with any additional Leave of Absences previously granted, exceed a total of 180 days in any 12-month period.
- C.** Normally, only one leave will be granted during the time a student is enrolled. A student may request additional leave time if doing so would not violate Federal Regulations.
- D.** Students receiving federal aid must adhere to federal regulations restricting leaves of absence. If a student request appears to jeopardize that student's eligibility for financial aid, the student will be made aware of this fact by the financial aid office before such leave is approved.
- E.** A student who receives an official leave of absence will be readmitted on the stipulated date of return without penalty or additional fees.
- F.** A student who receives an official leave of absence is not considered to have withdrawn and no refund calculation is required at that time.
- G.** A student must follow the school's policy of requesting a leave of absence or request waiver of item A before a leave of absence will be approved. A student who ceases attending without such written permission or takes an unapproved leave of absence will be considered withdrawn after 30 days of non-attendance. The withdrawal date, for the purpose of calculating a refund will be determined as the last date of attendance, in that event.
- H.** Students who are on an official leave of absence from school may not loiter in or around the school premises unless on official school business. Additionally students on a leave of absence may not obtain clinic services, complimentary or paid.
- I.** Upon return from a leave of absence a student will be required to complete missed class work.
- J.** Failure to return from a scheduled leave of absence on the return date indicated will result in immediate dismissal from school. The withdrawal date, for the purpose of calculating a refund will be determined as the last date of attendance, in that event.

MAKE-UP WORK POLICY

Students needing to make-up work due to absences or a failing grade, will be scheduled to do this at a time that is convenient for both the student and the School. Students may receive credit for time spent on this make-up work

provided the maximum number of hours allowed by the Ohio State Board for that subject has not been clocked.

PRIVACY RIGHTS AND STUDENT ACCESS POLICY

The School will provide any student (or in case of a student who is under the age of 18 and a dependent minor, the student's parent or legal guardian), the opportunity to review the student's records, and to seek correction of information contained in those records, and will deny disclosure of information from the records to unauthorized persons without the signed, specific written consent of the student (or the student's parent or legal guardian, if the student is a dependent minor). Authorized persons include, the school staff, Ohio State Cosmetology and Barber Board, National Accrediting Commission of Career Arts and Sciences staff and representatives, and other individuals permitted to access student records in accordance with FERPA. All student records are secured from theft or damage for a period of ten years as required by law. Any student (or eligible parent or guardian) wishing to review the appropriate file may schedule an appointment by making a written request to the Administrative Office. The review will be scheduled at a mutually convenient time within 30 days of the written request, at which time the reviewer may request correction of, add a statement to, or request copies of any or all of the records. A charge of 50 cents per page will be made for copying such records.

- F. All complainants are required to attempt resolution through the above process.
- G. Any individual has the right to file a complaint with the United States Department of Education for issues about financial aid, waste or abuse of federal funds, special education or civil rights violations.
- H. Any student has the right to file a complaint with the Ohio State Cosmetology and Barber Board, 1929 Gateway Circle, Grove City, OH 43123 or online at <http://www.cos.ohio.gov/Home/Complaints>; alleging that the school has violated division (A) of section [4713.64](#) of the Revised Code.
- I. In the event any student has followed the above complaint procedure, but does not feel that an appropriate resolution of the complaint has ensued, such student may contact the National Accrediting Commission of Career Arts and Sciences, in writing to the address indicated above, to request an official complaint form from that organization.

REFUND POLICY

If enrollment is cancelled for any reason, by the student, legal guardian or the School, the following Fee Settlement Policy will apply. Any monies due the applicant or student shall be refunded within 45 days of official cancellation or withdrawal. Official cancellation or withdrawal shall occur on the earlier of the dates that:

- A. The student cancels their enrollment at any time by informing the School in writing.
- B. If admission is denied by the School, or if a student (or legal guardian) cancels enrollment within 3 business days of signing the Enrollment Agreement, all monies paid to the School shall be refunded, regardless of whether they have started training.
- C. If enrollment is cancelled more than 3 business days after signing the enrollment agreement and before entering classes, all monies paid to the School shall be refunded with the exception of the \$100 Registration Fee.

D. The cancellation date if the student cancels shall be the postmark date if mailed, the delivery date if delivered in person, the scheduled return date from an approved leave of absence or written notification to the school that the student will not return.

E. The cancellation date if the School cancels shall be the date of written notice by the School, the 30th day of consecutive, unexcused absence, or the scheduled return date if the student does not return from an official leave of absence and has not notified the school that they will not be returning, or the date of their expulsion from school.

F. If enrollment is cancelled prior to completion of the program, more than 3 business days after signing the enrollment agreement and after the first day of class, the total fee charges to the student are calculated as follows:

- i. The first day fee covers processing, orientation, Student Handbook, study aids, and other unrecoverable costs for space, utilities, materials and supplies and is not refundable after attending the first day of class.
- ii. The Ending Date for refund computation purposes will be my last day of physical attendance at the School. Refund calculations are based on scheduled clock hours.
- iii. Enrollment time means total scheduled clock hours elapsed between my first day of class and the Ending Date.
- iv. The percentage of clock hours that have elapsed is calculated by dividing the Enrollment Time by the Course Length, then multiplying the result by 100.
- v. If the percentage of clock hours that have elapsed is less than 3%, the tuition due is calculated by multiplying the Total Tuition by 5%.
- vi. If the percentage of clock hours that have elapsed is at least 3%, but less than 5%, the tuition due is calculated by multiplying the Total Tuition by 10%.
- vii. If the percentage of clock hours that have elapsed is at least 5%, but less than 10%, the tuition due is calculated by multiplying the Total Tuition by 20%.
- viii. If the percentage of clock hours that have elapsed is at least 10%, but less than 25%, the tuition due is calculated by multiplying the Total Tuition by 40%.
- ix. If the percentage of clock hours that have elapsed is at least 25%, but less than 35%, the tuition due is calculated by multiplying the Total Tuition by 60%.
- x. If the percentage of clock hours that have elapsed is at least 35%, but less than 50%, the tuition due is calculated by multiplying the Total Tuition by 70%.
- xi. If the percentage of clock hours that have elapsed is 50% or greater, the Total Tuition is due in full.
- xii. In addition to other charges and fees, a \$150 Withdrawal Fee will be charged.

G. If government regulations or accreditation policies dictate a fee settlement policy more lenient than what is outlined above, the School will use the fee settlement policy most advantageous to the student.

H. For all withdrawals (officially or unofficially) a refund calculation will be completed in a timely manner, any refund due shall be issued within 45 calendar days of withdrawal, and any tuition or fees due are payable in full within 45 calendar days of withdrawal.

I. Unofficial withdrawals are determined by daily monitoring of attendance through means of electronic time clocks.

J. If the School ceases to offer instruction after the student enrolls and training begins the student shall be entitled to a pro-rata refund based on the hours accepted by the receiving school, if they choose not to transfer their hours the school will provide a full refund of all monies paid. If the program is canceled subsequent to a student's enrollment and before training begins, the student shall be entitled to a full refund of all monies paid to the School. If the school closes permanently and ceases to offer instruction after training begins, the student shall be entitled to a pro-rata refund based upon Enrollment Time.

K. If the Student immediately transfers to an accredited facility of the School to complete their original course of study, the withdrawal fee and fee settlement computation shall be waived so long as such waiver does not violate any law, regulation or accreditation standard.

ADDITIONAL EXPENSES

Additional expenses related to attendance include the cost of uniforms, shoes, writing materials, replacement of lost or damaged equipment, replacement of personal supplies or materials for personal use, travel costs, graduation fees, meal costs, and child care if applicable. These expenses are for goods and/or services for personal use and represent costs to attend school above and beyond specific course fees outlined above.

Other institutional fees that may apply are a \$125.00 reentry fee for withdrawn students eligible for reenrollment into school, a \$150.00 transfer fee for students with eligible transfer hours, and a retake fee (a per hour charge for the number of hours of the junior theory portion of a students' enrolled program) for any student required to retake the junior class. Fees specific to the reentry contract include the Original Total Fees (cost of program when previously enrolled), Additional Tuition (pro-rated additional charge on hours contracted if the tuition has increased since previous enrollment) and Additional Fees (cost of books/equipment if supplies need repurchased due to loss or damage and retake fee (if applicable)). Reentry students are charged a reentry fee in lieu of a registration fee.

There are no additional charges associated with the verification of student identity for distance learners.

CREDIT BALANCE POLICY

Any credit balance owed to a student will be refunded within 14 calendar days of occurrence.

Title IV Federal Financial Aid (FFA)

Return of Title IV Federal Financial Aid (FFA): If Federal Financial Aid (FFA) is used to pay tuition for a student training, and the student does not complete that training, the student may be entitled to only a portion of that FFA, and the School must return to the appropriate FFA program any FFA exceeding that to which the student is entitled.

Following is the Federal Policy for Return of Title IV Aid:

The law specifies how a school is to determine the amount of Title IV financial aid a student earns if the student withdraws from school. The programs covered by this law are Unsubsidized Federal Direct Stafford Loans, Subsidized Federal Direct Stafford Loans, Federal Direct Parent Loans (PLUS), and Federal Pell Grants. The Return of Federal Title IV Funds Policy applies to any student who receives Title IV funding and withdraws. The official withdrawal process is defined as occurring when a student notifies, in written form, the Financial Aid Office of his or her intent to withdraw. The unofficial withdrawal process is defined as occurring when a student has not been in attendance at any academically related school event for fifteen (15) calendar days or does not return from an approved leave of absence. Whether or not notification is given or whether or not the student begins the withdrawal process, the school will determine the date of withdrawal as the last date a student attended any academically related school event. The Return to Title IV formula determines the amount of Title IV funds a student has earned at the time the student ceases attendance and the amount of Title IV funds a student must return. This includes any money disbursed to the student as "personal living expenses." The amount of Title IV funds earned by a student is based on the amount of scheduled attendance by the student for that payment period. The amount of Title IV funds a student earns is a proportional calculation based on the amount of time the student is scheduled to attend school through 60 percent of the payment period. If a student ceases to attend school after 60 percent of the payment period, the student earns 100 percent of the Title IV funds. If the student withdraws the amount of Title IV aid the student has earned up to that point is determined by a specific formula. If a student received (or the school or parent received on behalf of the student) less assistance than the amount the student earned, the student may be able to receive the additional funds. If the student received more assistance than the student earned, the excess funds must be returned by the school and/or the student.

The amount of assistance that the student has earned is determined on a pro rata basis. For example, if the student was scheduled 30% of the payment period the student earned 30% of the aid they were originally scheduled to receive. Once the student has been scheduled more than 60% of the payment period the student earns all the aid that the student was scheduled to receive for that period. If the amount of Title IV grant or loan funds disbursed is greater than the amount a student earned, unearned funds must be returned. If the amount the student was disbursed is less than the amount the student earned, the student may be eligible to receive a post-withdrawal disbursement in the amount of the earned aid not received but otherwise eligible. If the post-withdrawal disbursement includes loan funds, the student may choose to decline the loan funds so that the student may not incur additional debt. The student will receive notification of post-withdrawal disbursement eligibility and must respond within 10 calendar days. The school may automatically use all or a portion of the student post-withdrawal disbursement (including loan funds, if the student accept the funds) for tuition. For grant funds for which students are eligible to receive post-withdrawal, the grant funds will be disbursed. For all other school charges, the school needs the student's permission to use the post-withdrawal disbursement. If the student does not give permission, the student will be offered the funds.

However, it may be in the student's best interest to allow the school to keep the funds to reduce the student's debt at the school. If it is determined that unearned Title IV funds must be returned, the responsibility is allocated between the school and the student. The school's responsibility for returning unearned funds is limited to the greater of the Title IV aid retained by the school or the prorated institutional charges for the payment period. There are some Title IV funds that the student was scheduled to receive that the student cannot earn once the student withdraws because of eligibility requirements. For example, if the student has not completed the first 30 days of the program before the student withdraws, the student will not earn any FFEL/Direct Loan funds that the student would have received had the student remained enrolled past the 30th day.

If the student receives (or the school or parent received on behalf of the student) excess Title IV program funds that must be returned, the school must return a portion of the excess equal to the lesser of:

- 1 the student institutional charges multiplied by the unearned percentage of your funds, or

2 the entire amount of excess funds.

The school must return this amount even if it didn't keep this amount of the student Title IV program funds.

If the school is not required to return all of the excess funds, the student must return the remaining amount. Any loan funds that the student must return, the student (or the parent for a PLUS Loan) must repay in accordance with the terms of the promissory note. That is, the student (or the parent for a PLUS Loan) will make scheduled payments to the holder of the loan over a period of time.

Any amount of unearned grant funds that the student must return is called an overpayment. The amount of a grant overpayment that the student must repay is half of the unearned amount. The student must make arrangements with the school or the Department of Education to return the unearned grant funds.

The requirement for Title IV program funds when the student withdraws is separate from any refund policy that the school may have. Therefore, the student may still owe funds to the school to cover unpaid institutional charges. The school may also charge the student for any Title IV program funds that the school was required to return.

If a student has questions about Title IV program funds, students may call the Federal Student Aid Information Center at 1-800-4-FEDAID (1-800-433-3243). TTY users may call 1-800-730-8913 or log on to the Student Aid site: www.studentaid.ed.gov.

Following is the Federal Policy for distribution of Return of Title IV:

In accordance with Federal regulations, when Title IV, HEA financial aid is involved, the calculated amount of the Return of Federal Title IV funds is retracted in the following order:

1. Unsubsidized Federal Direct Stafford Loan Program
2. Subsidized Federal Direct Stafford Loan Program
3. Federal Direct Parent Loan Program (PLUS)
4. Federal Pell Grants

REFUND OF TITLE IV FUNDS TIMELINE

For all withdrawals (official or unofficial) a refund calculation will be completed in a timely manner, and any refund due to the Federal government shall be issued within 45 calendar days of cancellation.

STUDENT SCHEDULES

All school locations and programs offer a variety of schedules. Deviations from the set schedules requiring special schedule arrangements must be approved administratively prior to enrollment or by approval of the administrative staff or school manager after enrollment; in limited numbers and for extenuating circumstances only.

HOUSING

Although the School does not offer housing, information for affordable housing for our out-of-town students may be obtained through www.apartmentguide.com.

ADMINISTRATIVE WAIVER

The School reserves the right to waive certain specific portions of the Catalog or Student Handbook, for good cause, provided doing so is not in violation of laws, regulations or criteria with which the School must comply. In no event shall such waiver be construed to represent precedent or to negate the full force and effect of any portion of the Student Handbook or Catalog.

STUDENT CONSUMER INFORMATION

Although much information is contained on our website, in this catalog and in our "Student Handbook," persons interested in obtaining more detailed facts may do so by submitting their request for such in writing or by telephone. Any interested applicant may receive details regarding our compliance with the Campus Security Act of 1990 by submitting a written request to our administrative office. INFORMATION ABOUT THE PROFESSIONS

The physical demands of the disciplines offered at our institution vary with the individual's schedule and types of services rendered. Most salon positions require standing for long periods, bending at the waist, and keeping the arms

raised. Professionals working with nail or skin care will spend most of their workdays seated. Some individuals find the cosmetology styling professions physically tiring but proper work habits can help reduce fatigue and injury. Also, much of the work involves close-up detail, requiring good corrected vision and reasonable hand-eye co-ordination.

PROFESSIONAL SAFETY

Safety in the work place is very important. Students in our schools are trained in safety and sanitary procedures for their own protection and that of their clients. Safety and sanitary rules include: reading and following manufacturers' directions; wearing protective gloves, masks, etc. when necessary; keeping floors clear and dry; securing sharp or hot tools; keeping a first aid kit available; preventing the spread of disease through proper disinfection techniques; and maintaining good posture.

COMPENSATION

Success requires a good attitude, hard work and perseverance. Compensation varies with each job, and most salon positions begin with a minimum wage salary, which may be augmented with a commission based upon the gross income provided to the salon by the stylist. It is important to realize that our industry is a career-growth industry, and you must expect it will take time to develop a large clientele and the substantial compensation for which our industry is noted. Other forms of compensation include booth rental, salary, and straight or escalating commission.

JOB PLACEMENT

Our institution does not guarantee employment to our graduates. However, the School does provide a list of available job openings, as well as counseling assistance. Any student or graduate may obtain such list and/or counseling by submitting a written request to the Administrative Office or School Manager. Additionally, students are offered a variety of opportunities for exposure to salons through school sponsored activities, interning opportunities and individual Salon Visits to our schools.

EMPLOYMENT REQUIREMENTS

Employment requirements for cosmetology related professions may differ from most jobs due to the nature and traditions of the professions. Some requirements may include:

Work Scheduling:

Employee work schedules may include evenings and weekends in order to accommodate client needs. Overtime may be part of the normal schedule in order to complete client services.

Client Retention Skills:

Many businesses in the profession require that employees either bring an established clientele with them or are able to develop and maintain enough clients to meet business goals.

Professional Development:

Due to the constantly evolving state of the profession, employers (and license renewal) require continuing education. This might include mandated training through the business or employees may be required to attain the requisite education at their own cost and time.

Other professional employment requirements may include completing services within established times and meeting service and retail sales goals set by the employer.

OUTCOMES INFORMATION 2018

Schools are required to publish vital information which may have an impact on an individual student choosing to attend their institution. This information includes the outcomes of the school including completion, licensing and employment rates. Our schools are Accredited by the National Accrediting Commission of Career Arts & Sciences, Inc. The National Accrediting Commission of Career Arts & Sciences is recognized by the United States Department of Education as a national accrediting agency for postsecondary schools and programs of cosmetology arts and sciences, and massage therapy. Established minimum standards for outcome rates are: 50% completion, 60% placement, and 70% licensing. Our schools meet or exceed all of these requirements.

All theory, practical and examination grades are given as numerical with a scale of 0 - 100 points, and individual segments are weighted proportionally. A grade of 75% is considered passing in all such situations. Clinic grades, due to the nature of working with the public, are given as approved or unapproved. Students are given a progress report within 15 school days of each scheduled exam.

All students shall take and pass all required examinations in order to continue in School.

1. "Pass" is defined as follows:
 - A. Individual Exams: A grade of 75% or better.
 - B. Cumulative Average: A grade of 75% or better.
2. "Required Examinations" are as follows:
 - A. Junior Final Examination
 - B. Periodic Senior Evaluations (must pass a minimum of 2)

SATISFACTORY ACADEMIC PROGRESS POLICY

INTRODUCTION - Federal regulations by the United States Department of Education and guidelines established by the National Accrediting Commission of Career Arts and Sciences require that our school publish and adhere to certain standards of student progress. The following policy is in compliance with such standards, and at the same time provides the flexibility to allow the school to work with each student individually toward meeting these standards. This policy is published in our School Catalog, Student Handbook, and on our web site. Applicants are provided access to the policy via school catalog and the website prior to signing their Enrollment Agreement.

APPLICATION

The standards of the Satisfactory Academic Progress Policy are consistently applied to all students enrolled in the Advanced Cosmetology, Cosmetology, Hair Designer, Advanced Esthetics, Advanced Manicuring and Manicuring program without regard to schedule or receipt of Federal Financial Assistance.

COMPONENTS

Satisfactory Academic Progress standards are comprised of grades for theoretical and practical work (qualitative) and specific attendance requirements (quantitative).

EVALUATION PERIODS

Evaluation of students for Satisfactory Academic Progress is determined by program and based on clocked (actual) hours. Evaluation periods are designed with similar lengths based upon academic year length and course. Each student has at least one evaluation by no later than midpoint of their course and/or academic year, whichever occurs sooner.

The Academic year for each program is defined as:

- 1) 900 clock hours (26 weeks) for the 750 hour Managing Esthetician program
- 2) 900 clock hours (30 weeks) for the 1800 hour Advanced Cosmetology program, the 1500 hour Cosmetology program and the 1200 hour Hair Designer program
- 3) Due to the short length of the 300 hour Advanced Manicuring program and the 200 hour Manicuring program, they will have one evaluation no later than midpoint of their program.

The frequency of the evaluations are: 1800 hour Advanced Cosmetology students are evaluated at 450, 900, and 1350 clocked (actual) hours; 1500 hour Cosmetology students are evaluated at 450, 900, and 1200 clocked (actual) hours; 750 hour Advanced Esthetic students are evaluated at 375 clocked (actual) hours; 1200 hour Hair Designer Students are evaluated at 450 and 900 clocked (actual) hours; 300 hour Advanced Manicuring students are evaluated at 150 clocked (actual) hours and 200 hour Manicuring students are evaluated at 100 clocked (actual) hours. The evaluations will determine if the student has met the minimum requirements for Satisfactory Academic Progress. Evaluations will be completed within seven (7) business days following the established evaluation points.

ATTENDANCE REQUIREMENT POLICY

Students are required to attend a minimum of 67% of their scheduled hours to be considered maintaining Satisfactory Academic Progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The evaluation is based on cumulative attendance (start date to evaluation date).

ACADEMIC REQUIREMENT POLICY

The qualitative element used to determine Satisfactory Academic Progress is a system of evaluations. Students are assigned theory and practical assignments and are evaluated at the end of each assignment period. Students are required to receive a final overall grade of 75% or above on all required evaluation elements and receive a 75% or above cumulative (start date to evaluation date) academic grade. All students shall take and pass all required examinations. Required examinations for Advanced Cosmetology, Cosmetology, Hair Designer and Advanced Esthetics students are Junior Final examinations, Periodic Senior evaluations (must pass a minimum of 2), Senior Final Examinations and Advanced Examination (if applicable). Required examinations for Advanced Manicuring and Manicuring students are Junior Final examinations, Senior Final Examinations and Advanced Examination (if applicable).

"Pass" is defined as follows:

A grade of 75% or better is considered passing, with the following grading scale in effect:

- 93% - 100% = (Excellent)
- 85% - 92% = (Very Good)
- 75% - 84% = (Satisfactory)

0% - 74% = (Failing)

DETERMINATION OF PROGRESS STATUS

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making Satisfactory Academic Progress until the next scheduled evaluation. Students deemed not meeting Satisfactory Academic Progress at the evaluation period is no longer eligible for Title IV Funding, unless the student is on Warning Status or has prevailed upon appeal of a negative progress determination that has resulted in the status of Probation. Satisfactory Academic Progress Determinations will be maintained either in written format or electronically. At each evaluation students will receive a hard copy of their progress evaluation. Additionally, students with either a Warning Status or Unsatisfactory Status will be given written guidance on actions required to be in compliance with Satisfactory Academic Progress.

DEFINITIONS OF DETERMINATION

A. SATISFACTORY

Students are meeting the minimum requirements for academics and attendance at evaluation periods and are considered to be making Satisfactory Academic Progress until the next scheduled evaluation period. Students with a Satisfactory Progress determination are eligible to receive all Title IV funds for which they qualify.

B. WARNING

Students who fail to meet minimum requirements for attendance or academic progress are placed on Warning and considered to be making satisfactory progress during the Warning period, until the next scheduled evaluation. The student will receive a written notification of the actions required to meet minimum attendance and academic requirements to re-establish Satisfactory Academic progress before the next evaluation. If at the end of the Warning period, the student is not meeting both the attendance and academic requirements, the student may be placed on Probation and, if applicable, the student may be deemed ineligible to receive Title IV Funds.

C. UNSATISFACTORY

Students who fail to meet minimum requirements for attendance or academic progress by the end of the Warning period and do not successfully appeal will be placed on an Unsatisfactory Status. Any student considered to be making Unsatisfactory Progress in accordance with the regulations of the school shall be notified, in writing. Such written notification shall include the reasons for such a determination. Students with a determination of Unsatisfactory are ineligible to receive Title IV Funds and will be placed on cash payments. The school reserves the right to dismiss any student who has an Unsatisfactory Status.

D. PROBATION (must successfully appeal; see 4.7)

Students who fail to meet minimum requirements for attendance or academic progress during the Warning or previous evaluation period must prevail upon appeal of a negative progress determination prior to being placed on Probation to be considered making Satisfactory Progress during the Probationary period. Additionally, only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may be placed on Probation. The student and the administration will develop an academic plan on the actions required to attain Satisfactory Academic Progress by the next evaluation. Students who are progressing according to their academic plan will be considered making Satisfactory Academic Progress. If at the end of the Probationary period, the student has NOT met both the attendance and academic requirements, the student will be determined as NOT making Satisfactory Academic Progress and, if applicable, students will be deemed ineligible to receive Title IV funds.

APPEAL PROCESS

A student has the right to appeal a determination of Unsatisfactory Progress. All appeals shall be addressed, in writing, to the Administrative Office and must be postmarked within ten business days of the student receiving the determination of Unsatisfactory Progress. The appeal request must explain the circumstances which resulted in the Unsatisfactory Status, all applicable supporting documentation (such as Doctors' excuse and/or release, obituaries, counseling records, etc.) and the students' plan for improvement. An appeal hearing will be scheduled within ten business days of receipt of the appeal request. During this hearing, the student may present facts in opposition to or mitigation of the original determination. A decision regarding the appeal shall be rendered, in writing, within 10 business days of the date of the hearing. All documentation, including the initial determination and the final determination will be maintained in the student file. Successful appeals will be granted on an individual basis. Acceptable appeal reasons include but are not limited to, death of an immediate family member, an injury / illness of the student or an injury / illness of an immediate family member. Other extenuating circumstances will be given consideration. If, upon appeal, the original determination of Unsatisfactory Progress is overturned, the student will be placed on a determination of Probation. The student shall be fully reinstated and eligible to receive any authorized Title IV Funds for the time period in question, retroactive to the date of the original determination of Probation.

REINSTATEMENT OF FINANCIAL ASSISTANCE

If, upon appeal, the original determination of Unsatisfactory Progress is overturned, the student will be placed on a determination of Probationary. The student shall be fully reinstated and eligible to receive any authorized Title IV Funds for the time period in question, retroactive to the date of the original determination of Probationary. The administration working with the student will create a written plan on the actions required to attain Satisfactory Academic Progress by the next evaluation. Students may not have consecutive Probationary Periods. Failure to comply with the Academic Plan by the next evaluation period will result in a determination of Unsatisfactory Status and is not appealable. A student may not receive Federal Financial Assistance while deemed to be making "Unsatisfactory Progress".

INTERRUPTIONS

The Satisfactory Academic Progress status of a student returning from a Leave of Absence will be the status held at the time the Leave of Absence began. Hours elapsed during a Leave of Absence will extend the student's contract period and maximum time frame by the same number of days taken for the Leave of Absence and will not be included in the students cumulative attendance percentage calculation.

CHANGES IN PROGRAMS

Hours clocked in one program are not transferrable to another program designation and as such will not affect the maximum time frame. Students attending one program who have an interest in enrolling in a second program must discontinue from their current program, meet any financial responsibilities to the school on the previous program balance and apply for enrollment into the new program. Enrollment into a second program will be considered on a case by case basis.

MULTIPLE PROGRAM ENROLLMENT

Due to scheduling difficulties, the school does not allow the enrollment of a student into more than one program concurrent with each other and as such the maximum time frame is not affected. Students interested in pursuing a secondary program with our school are offered the opportunity to continue their education with us in a second program following successful completion of their original program.

COURSE INCOMPLETE

Students are required to complete all courses (required subjects) as scheduled. Course INCOMPLETE shall be deemed the equivalent of a grade of 74%, and the academic requirement policy shall apply. Students are given the opportunity to re-take an exam up to three times. The first passing score of 75% or above will replace the incomplete grade of 74%.

WITHDRAWALS / DISCONTINUANCES

Ohio State School of Cosmetology does not distinguish between Withdrawal Passing or Withdrawal Failing. It is at the discretion on any school which may accept transfer hours of a withdrawn student to request the grades of a withdrawn student to make a determination regarding acceptance of any or all hours based on the grades received in any given subject.

Any student who discontinues and re-enters will re-enter with the same Satisfactory Academic Progress Status as when the student discontinued. Re-entry students who are eligible for Title IV funding may not receive further Title IV Funds unless the student was making Satisfactory Progress at the time of discontinuance or the student subsequently meets the standards for Satisfactory Academic Progress.

REPETITIONS AND NON-CREDIT REMEDIAL COURSES

Time spent beyond the normal course requirements for repetition or for non-credit remedial work is time that is not recognized for the purposes of satisfactory progress and for which a student is not eligible to receive clock hour credit toward completion of the course.

TRANSFER HOURS

All hours accepted by the school for transfer into any program offered by the school will be counted as both attempted and completed hours for the purpose of determining when the allowable maximum time-frame has been exhausted. Satisfactory Academic Progress evaluation periods will be based on the actual contracted hours at the school. Transfer students who are eligible recipients for Title IV Funding may only receive funding for the contracted hours.

Grades completed at another school do not count toward the Satisfactory Academic Progress. Only grades completed at our school influence the student's current Satisfactory Academic Progress.

MAXIMUM TIME FRAME

A "Maximum Time Frame" is established for students, representing 150% of the time to complete the required hours of their program. The Enrollment Agreement indicates the hours required for completion of the students program. To be considered making Satisfactory Academic Progress, a student must be attending at a rate that will provide for completion of the program within the Maximum Time Frame. At the point the student has been scheduled to attend 150% of the hours indicated on the enrollment agreement the student will be considered unable to complete the program within the maximum time frame resulting in an evaluation of Unsatisfactory Progress. Said students will be placed on cash payments and are subject to termination from school.

Scheduled time which elapses following the starting date counts toward the Maximum Time Frame, except time a student is not in school due to a school-authorized leave of absence, school initiated interruption, or official school closure. As a clock hour school, we are not set up with a designated summer term, as such the maximum time frame is not affected.

ATTENDANCE POLICY

To progress, a student must attend regularly. Although some reasons for absence are considered acceptable, there is a limit to the number of "excused" absences allowed. Beyond this limit, experience has shown that the student is not able to progress regardless of the reason for absence. For this reason, attendance policies are strictly enforced.

Attendance is evaluated in accordance with the Satisfactory Academic Progress Policy at the appropriate hours for your program.

To assist students with maintaining satisfactory attendance (67% cumulative), monthly absences exceeding 20% of total monthly scheduled time may be cause for the "Absence Conference Policy" to be in effect.

Your Enrollment Agreement indicates the time allowed to complete the course and a completion date. This date represents the time it would take you, attending all scheduled hours, to complete the course, and makes allowance for normal absence as well as scheduled holidays. The school reserves the right to dismiss any student who has not completed the course by the contracted completion date.

Each student is permitted four "Personal Emergency" required days during the course of their training. As a result of missing additional required days the student will incur an "In School Suspension" which may include restriction of student services, daily practical assignments, a written assignment, and any other action deemed necessary. After the 4th missed required day the student may be scheduled for a disciplinary hearing to determine the probability of continuing in the program.

The day before a legal holiday, the last scheduled day of the week and class day are considered required days. Certain other important clinic days may be deemed "required" attendance days by the school. Unless specified in this handbook as a required day, a day is considered "required" when written notice is posted at least 2 weeks prior in the school indicating that attendance on that day is mandatory. Section 4.21 for required day absences is in effect for all required days.

Students will be deemed tardy if they do not appear on time for class or clinic. Excessive tardiness may be considered sufficient reason to schedule an absence conference.

JUNIOR TRAINING POLICY

Junior Training Attendance is viewed more strictly from the above Attendance Policy for a variety of reasons, including excessive consecutive absences detrimental to the student's education, State Board minimum hour requirements, and malpractice insurance considerations. Therefore, guidelines are used to determine permitted continuance in a class or the student being required to restart. Restarting in the next class may cause any tuition awards or scholarships to be null and void.

1. An attendance conference will be scheduled when the student has been absent from class two (2) hours for Manicurists, five (5) hours for Estheticians, eight (8) hours for Hair Designers and ten (10) hours for Cosmetologists.
2. Absences exceeding three (3) hours for Manicurists, ten (10) hours for Estheticians, fifteen (15) hours for Hair Designers and twenty (20) hours for Cosmetologists; may be cause for the student to restart.
3. Excessive consecutive absences, which may be deemed detrimental to the student's education, may be cause for the student to restart.

SENIOR ABSENCE CONFERENCE POLICY

FIRST CONFERENCE: Upon exceeding the stated absence limits, a conference may be held to determine the reasons and the probability of improvement. The staff member conducting the conference will provide alternative schedules and/or other solutions to assist the student in eliminating the poor attendance pattern.

SECOND CONFERENCE: If a student continues poor attendance following the first conference, another conference may be scheduled. Action taken as result of a second conference: student will not be permitted to receive student services until they have attended one month of acceptable attendance; student will be terminated from the intern program.

THIRD CONFERENCE: If attendance does not improve after two conferences, a third conference will be held with the following consequences: student will not be permitted to receive student services until they have attended one month of acceptable attendance; student will be required to complete a minimum 500 word written report on "The Importance of Good Attendance in the Work Place". This report will be due ten days from the conference date. Students not completing this assignment will be scheduled for a fourth attendance conference.

FOURTH CONFERENCE: If, for any reason, a fourth attendance conference is necessary, the student will be scheduled for a Disciplinary Hearing and the student's desire to complete the course and ability to benefit from the training will be scrutinized. The school may take whatever action it feels, at its discretion, is justified, up to and including dismissal.

Students should avoid unnecessary absence. Although the preceding represents MINIMUM standards, the school reserves the right to dismiss or suspend any student exhibiting an inability to attend school regularly.

Although the school does not offer school-sponsored housing, out-of-town students residing in apartments with leases are cautioned to avoid excessive absences. In addition to the above penalties, leases are usually not extendable, and may result in an additional cost for students not graduating by their lease ending date.

ACADEMIC POLICY

All Advanced Cosmetology, Cosmetology, Advanced Esthetics, Hair Designer, Advanced Manicuring and Manicuring students shall take and pass all required examinations. Required examinations for Advanced Cosmetology, Cosmetology, Hair Designer and Advanced Esthetics students are Junior Final examinations, Periodic Senior evaluations (must pass a minimum of 2), Senior Final Examinations and Advanced Examination (if applicable). Required examinations for Advanced Manicuring and Manicuring students are Junior Final examinations, Senior Final Examinations and Advanced Examination (if applicable).

Leave of Absences

Senior students who are on a Leave of Absence during an assignment period and return during the evaluation testing period are required to test. Individual grades for homework and clinic assignments will be pro-rated to correspond with the days the student was scheduled to attend school. TAG LEVEL WHILE IN SCHOOL

Tag levels serve to recognize increased skill and match level of skill with expected performance. Students are not required to rise through the various tag levels, but are encouraged to progress to increase their skill level and comfort; better preparing them to be successful in the beauty industry.

Advanced Cosmetology / Cosmetology / Hair Designer

Process: Senior theory classes are divided into Units, every ten weeks. Each student is assigned a skill sheet (services to complete) and homework assignments, meant to complement unit subjects. Full time students must complete 100% of their skill sheet and homework assignments for that unit, in addition to attaining a 75% or higher in unit testing (practical and written) in order to advance to the next level. Due to their part time status, any student scheduled less than 24 hours per week are assigned a skill sheet with half the services required of a

full time student. Part time students must complete 100% of their skill sheet and homework assignments for two (consecutive) units, in addition to attaining a 75% or higher in unit testing (practical and written) in order to advance to the next level.

Tag Levels :

Appendix: Rules of the School

GENERAL RULES FOR STUDENT CONDUCT

13.0

Purses and personal belongings must be kept in lockers and are not permitted in class or on clinic. Only items that are issued by the school are permitted in class or clinic.

13.1

You must regard yourself as a professional, and conduct yourself accordingly. A high level of discipline and decorum is expected.

13.2

Observe neatness and cleanliness at all times. All areas, equipment and apparatus must be left in satisfactory condition. Students, individually or collectively, may be held financially responsible for damage to school property due to abuse or negligence.

13.3

When leaving the clinic or classroom area, always obtain instructor permission. Clinic students, after receiving permission, must be signed and clocked out (exact time leaving) and, upon returning from lunch, must be signed in by an instructor.

13.4

To enhance a professional atmosphere, never call or shout for assistance. If you experience a problem on the clinic -- do not say so in front of the client. Go to the instructor and explain.

13.5

WE ARE A SMOKE-FREE FACILITY. Smoking (including e-cigarettes, cigarettes, cigars, pipes, and any other smoke producing tobacco products) by students, faculty, and staff is prohibited on all properties owned or leased by Salon Schools Group, including all interior spaces; and all outside property or grounds, including areas such as walkways, breezeways, parking lots, and picnic tables. Students and staff members are only permitted to smoke in their cars.

13.6

No food or drink (except water bottles with closed lids) is permitted on clinic or in class. Chewing gum is permitted.

13.7

Unauthorized electronic equipment such as blue tooth headsets, iPods, MP3 players; etc. are not permitted in class or clinic unless authorized by your instructor. Cell phones are **NO LONGER** permitted on the clinic floor beginning on January 2, 2019, without instructor permission. Due to the need to use iPads for educational purposes, students may charge their iPad on the clinic floor or classroom with permission of the instructor or school manager. All cables must be maintained in a tidy manner and must not impede services or become a hazard. The school is not responsible for any electrical damage to any personal items from charging devices on the property.

13.8

Students may **NOT** comb, cut, or otherwise work upon their own hair, nor apply their own makeup, nail polish, or conduct other such activities within the school premises.

13.9

Students may not loiter around the desk, dispensary, or in the reception area.

13.10

Personal phone calls are permitted only in case of a bonafide emergency, and are to be taken in the office. On other calls, a message will be taken, and the student may return the call on their break, lunch or after school. The desk phone may **NOT** be used under any circumstances.

13.11

Visitors will be requested to wait in the waiting area until the student has a break from the clinic or from class. Visitors may not enter the clinic, classroom area or break room.

13.12

When given a service, the service is to be accepted in a courteous manner. Address clients formally and in a friendly and courteous way.

13.13

When given a service, it is **YOUR RESPONSIBILITY** to complete it. You **MAY NOT** give a service to another student, or have them help with the service without an instructor's permission.

13.14

Service tickets must be taken in numerical order. "Requests" must wait until all clients who came in ahead of your request are taken (unless the instructor authorizes taking the ticket out of order).

13.15

Students are permitted to book appointments for most services but may only wait 15 minutes following scheduled appointment time before being requested to take another service from an instructor. In addition, clients that walk-in prior to the scheduled appointment time are to be given priority when at all possible.

13.16

If you have doubts or problems, explain them to your instructor as soon as possible. They will be there to help you when you need it.

13.17

Do not congregate. If there is a service you would like to watch, do so - but remain silent. The student performing the service should be concentrating on, and conversing with, only the client.

13.18

A student may be allowed to do a more advanced service if, in the judgment of the instructor, the student is capable of doing advanced work on the service in question and the student has been certified to perform the service. Conversely, an advanced student may be asked to take a less advanced service if it is deemed necessary for the operation of the clinic or in the student's best interest and the student has been certified to perform the service.

13.19

All students are required to have an instructor:

- A.** Assist in client consultations.
- B.** Evaluate, grade and sign on each service.
- C.** Periodically check chemical services throughout the service, according to instructors' direction.

13.20

Students must present the service ticket to the dispensary or an instructor, so that the ticket may be properly marked before receiving **ANY** products.

13.21

Escort your client to the desk, and ask about coats, umbrellas, etc. Thank them and give them a card with your name on it (they may request you next time). Clients must pay at the desk - not pay the student.

13.22

Stations must remain neat and the floor swept.

13.23

Students should see that their own areas and stations are clean and neat before leaving for lunch or day's end. This means the mirror is clean, counter top clear, and the floor swept.

13.24

You must sweep the floor prior to any haircut check. Hair remaining on the floor is a safety hazard.

13.25

IF CONDITIONS PERMIT, senior students may receive services relevant to their training on assignment by the instructor in charge, if to do so will not interfere with the smooth operation of the clinic.

13.26

Lengthy services such as color, permanent waves, etc., should be done before or after your clinic day or on your day off. On occasion, a "long service" may be allowed - provided it is a slow day and students are available. Students must purchase the materials needed. Due to insurance concerns, only chemical products and thermal appliances issued, or approved in advance (prior to starting the service) by the school, may be used.

13.27

All complimentary or discounted services will be given at the discretion of the School Manager or the In Charge Instructor.

13.28

Models for students in classes requiring chemical products will be charged according to the current model price list. Models for instructor demos are not charged.

13.29

Chemical clinic services such as permanent waves, straighteners, hair coloring or sculptured nails may not be started without first checking with an instructor regarding analysis, product selection and procedure.

13.30

The school is not responsible for lost or stolen coats, equipment, or other personal articles. It is suggested that you not wear expensive coats or jewelry or carry large sums of cash to school.

DISCIPLINARY CODE

PURPOSE

14.0

Student conduct requiring discipline occurs infrequently at our school. When it does occur, it is important to the welfare of the school and our students that appropriate action is possible. Therefore, it is necessary we recite in this Handbook the procedures and penalties, as well as the actions for which discipline will be levied. This is not an indication that the actions specified have ever taken place or are likely to occur in the future.

14.1

Ohio law establishes, as minimum standard for practitioners that they be of "good moral character". Therefore, throughout a student's training, certain judgments, sometimes subjective, must be made as to whether, in the school's best judgment, a student satisfies this statutory requirement.

14.2

To the extent that objective standards are possible, they are set forth herein. However, it is common knowledge in the industry that attitude, cooperativeness, congeniality and other intangibles are as essential to success as are the skills developed through training. Therefore, this school cannot evaluate a student's performance solely upon objective tests, but must consider all aspects of a student's profile and make subjective determinations regarding quality of work, general

deportment, attitude, etc.

PROCEDURE

14.3

APPLICATION: This disciplinary procedure will be applied in all cases where a student is charged with violating the "disciplinary rules" of the school.

- B. The student's training will be temporarily interrupted pending the outcome of the disciplinary hearing.
- C. The student will receive, in writing, notice as to the date, time, and place of the disciplinary hearing. Such hearing shall ordinarily be scheduled within 10 calendar days of the initial conference.

In the event that (1) there is no dispute as to the occurrence of the violation; (2) the student does not object; and (3) further time is not required by the school, the matter may be resolved at the initial conference.

If the student has not appeared for the hearing by the appointed time, and has not formally rescheduled, the hearing shall be postponed fifteen (15) minutes. MANDATED FEDERAL DRUG ABUSE PREVENTION PROGRAM

In compliance with the Drug Free Schools and Communities Act Amendments of 1989 (Public Law 101-226), the following standards of conduct are required of the staff and students of Ohio State School of Cosmetology, and The Spa School.

16.0

Staff members and students of the school are prohibited from the unlawful manufacture, distribution, possession or use of illicit drugs or abuse of alcohol while on school property or while participating in any institutional activity sponsored by the school.

16.1

Any staff member or student charged with violating this policy shall be scheduled for a disciplinary hearing in accordance with Section 14.3 of the Disciplinary Rules of this Student Handbook.

16.2

If the Disciplinary hearing discloses a violation of this Section has occurred, disciplinary action will be taken. This action may include, but is not limited to, the actions set forth in Section 14.6 of the Disciplinary Rules. Such disciplinary action may include the requirement that the individual complete a program in drug abuse prevention and rehabilitation, or include other sanctions, up to and including, the expulsion of a student or the termination of any staff member violating this section.

16.3

The school may refer all facts, documentation and evidence to the appropriate legal authorities.

16.4

Legal sanctions under local, state and federal laws are serious. Penalties can include suspension, revocation or denial of a driver's license; mandated community service; loss of eligibility for federal aid; the seizure of all personal property and from five years to life imprisonment.

16.5

Even the association with someone involved with illicit drugs or alcohol can be serious. For example, it is illegal to hold someone else's drugs. It is illegal to sell fake drugs. You can be arrested if you are in a house (or a school) where people are using drugs even if you are not. You can be charged with possessing drugs even if they are not on you. You are considered to possess, under legal terms of "constructive possession" drugs that are in your locker, purse, car or residence.

16.6

There are many health risks associated with the use of illicit drugs or the abuse of alcohol. They can be addictive and injurious to the body and cause one to lose their sense of responsibility and coordination. Irritability, anxiety, paranoia, depression, inattentiveness, comas, convulsions or even death can result from overuse or abuse of drugs or alcohol. A drug-dulled brain makes a user dangerous in a cosmetology atmosphere. As an individual associated with our school, you will be using pointed instruments, sharp razor blades and dangerous chemicals. The use of such implements or materials while thinking and coordination are impaired due to drugs or alcohol can be extremely dangerous.

16.7

Our institution uses the services of CompDrug, as well as the services of Alcoholics Anonymous, to enable staff members and students to seek counseling, treatment and rehabilitation. Any staff member or student who wishes additional information regarding these programs is urged to speak with a supervisor or to phone our Administrative Office at once.

16.8

Financial Aid recipients sign a certificate stating they will not engage in unlawful manufacture, distribution, dispensation, possession or use of a controlled substance during the period covered by Financial Aid. A Financial Aid recipient convicted of a criminal drug offense resulting from a violation occurring during the period of enrollment covered by Financial Aid must report the conviction, in writing, within 10 calendar days of the conviction to the Director, Grants and Contract Services, U.S. Department of Education, 400 Maryland Avenue, S.W., Room 3073-FOB-6, Washington, D.C. 20202-4571.

16.9

All staff members and students, upon the commencement of their association with the school, must receive information concerning the Drug Free Schools and Community Act Amendments of 1989. In the event you feel you have not received this information, have questions, or would like additional information, please contact your immediate supervisor at once. Our school is committed to full compliance with the Drug Free Schools and Community Act Amendments and will take whatever actions it deems necessary in order to comply.
